It is their entrepreneurial dream to have their own brand and introduce good hair salon products to all parts of the world. In 2008, we created the KIKI brand and in 2013 created the WMARK brand. Under our careful management, these branded products have been exported to all over the world and won a good reputation.

The KIKI NEWGAIN brand is named after his wife, representing eternal love and a healthy and beautiful life. Reasonable price and good product quality enjoy a high reputation in some countries. The WMARK brand, focusing on professional beauty appliance and men's care products, is positioned in the high-end market.
